

# Model: Predator™ Plus

Available Finishes:

## FEATURES

- 25.5" scale
- Three-way switching selector
- Sealed diecast tuners, 15-1 gear ratio
- Master volume and tone controls with push/pull tone for single coil operation
- 2 Peavey custom designed humbucking pickups
- Binding on body
- Basswood Body
- Licensed Floyd Rose® double-locking tremolo
- Dual action torsion rod
- Available finishes: Black (BLK), Candy Apple Red (CAR)

## SPECIFICATIONS

Neck Material: North American Rock maple

Bridge: Licensed Floyd Rose® double-locking tremolo

Neck Type: Bolt on, 5 bolt design, shallow oval shape

Neck Pickup: Hum bucking, dual coil, exposed bobbin.

Hardware Color: Black

Bridge Pickup: Hum bucking, dual coil, exposed bobbin.

Body Wood: Basswood, 3 pc w' integral center section

Single coil mode on both pickups is available thru push pull. Mas-

Fingerboard: Rosewood

ter tone switching allowing multiple tone combinations.

Inlays: 4mm white dots

Frets: 22-frets 2.7mm wide x 1.1mm tall

## NECK DIMENSIONS

Scale/Length: 25.5", 22 frets

a. Width at Nut: 1.69" (43mm)

b. Width at Last Fret: 2.25" (57.5mm)

c. Thickness at 1st Fret: .768" (19.5mm)

d. Thickness at 12th Fret: .846" (21.5mm)

Radius: 15"

## BRIDGE PICKUP

### Peavey® USA Design

**Construction:** Humbucking, Designed specifically for the Predator™ Bridge position

**Magnet Type:** Calibrated ceramic magnet, exposed coils

**Description:** High output, harmonically positioned humbucking, dual coil pickup, 16k dc. Terminated and wound for low noise operation. 4 conductor shielded hookup wire. Calibrated for bridge position. Coils frequency calibrated and metered to enhance midrange and high end response with increased output for cutting solo work and tight low end response. Pickup designed specifically for Predator body construction. High output without harshness.

## NECK PICKUP

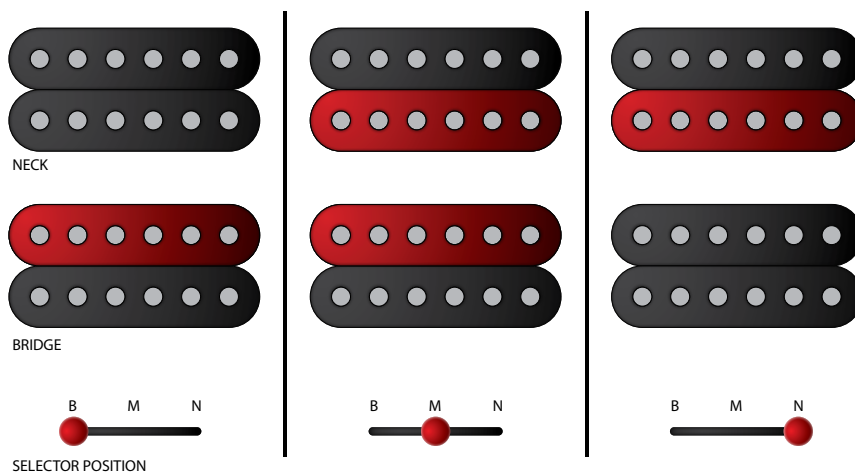

### Peavey USA Design

**Construction:** Humbucking, Designed specifically for the Predator Neck position

**Magnet Type:** Calibrated ceramic magnet, exposed coils

**Description:** Specifically designed for Predator neck position, 12k dc. Terminated and wound for low noise operation. 4 conductor shielded hookup wire. Medium high output. Harmonically positioned to enhance harmonics, presence and attack in neck position. Metered coil winding and matched magnetic structure allow increased dynamic range without muddiness at higher volume. This pickup is perfectly matched to the Predator bridge pickup for balanced tone and response.
