

# Model: Rudy Sarzo Signature Cirrus® Bass

Peavey's patent pending PowerPlate increases sustain and eliminates dead spots!

## FEATURES

- 35" scale
- Maple body wings with flame maple top
- Maple neck with walnut stringers
- Snake eye fingerboard inlays
- Pau Ferro fingerboard
- 24 Frets
- 2 way fully adjustable torsion rod
- String-thru body or top load
- String-thru ferrules
- 19:1 ratio tuning machines
- 2 Peavey® USA design VFL active humbucking pickups
- Active preamp
- 18 volt electronics
- Volume, pickup blend, bass, mid and treble controls with 10 dB boost/cut
- Satin gold hardware
- Individual fingerstyle bridge system with Dual Compression™ technology
- Case included

## SPECIFICATIONS

Neck Material: Maple with walnut Stringers

Frets: 24-frets 2.7mm wide x 1.1mm tall, 18% nickel silver

Neck Type: Neck-through the body design

Bridge: Die cast, individual finger style. 3 way

Hardware Color: Satin gold

adjustable, string-thru body or top load

Body Wood: Chambered Bamboo body wings

Neck Pickup: VFL Internally active

Fingerboard: Rosewood

Bridge Pickup: VFL Internally active

Inlays: Abalone Pearl Snake Eye

## NECK DIMENSIONS

Scale/Length: 35", 24 frets

a. Width at Nut: 1.50" (38.1mm)

b. Width at Last Fret: 2.50" (63.5mm)

c. Thickness at 1st Fret: .825" (20.96mm)

d. Thickness at 12th Fret: .900" (22.86mm)

Radius: 12"

## BRIDGE PICKUP

### Peavey® USA Design VFL Humbucking

**Construction:** Internally active, low impedance, extended frequency response

**Magnet Type:** Ceramic, extended magnetic window

**Description:** Internally active, 18 volt powered, frequency balanced for bridge position. Low impedance design allows for noise free operation, clarity and improved dynamics. Unique VFL design enhances dynamics and sensitivity for all playing styles. Wide magnetic window allows full string vibration and reduced magnetic damping. Adjustable height and angle. Output 1v-4.5v.

## NECK PICKUP

### Peavey USA Design VFL Humbucking

**Construction:** Internally active, low impedance, extended frequency response

**Magnet Type:** Ceramic, extended magnetic window

**Description:** Internally active, 18 volt powered, frequency balanced for neck position. Low impedance design allows for noise free operation, clarity and improved dynamics. Unique VFL design enhances dynamics and sensitivity for all playing styles. Wide magnetic window allows full string vibration and reduced magnetic damping. Adjustable height and angle. Output 1v-4.5v.

## HARDWARE

### Satin Gold

**Tuners:** 19-1 ratio die cast, enclosed machine heads, 4 in line.

**Bridge:** Heavy duty die cast, 3 way adjustable saddles, rear or top load option.

**Controls:** Volume, pickup blend, bass, mid and treble controls with 10 dB boost/cut. Knobs are machined brass, black chrome plated with elastomer grip rings.

## SPECIAL FEATURES

Made to Rudy Sarzo's exact specifications. Body wings made from environmentally friendly and sustainable chambered bamboo. 3 band active EQ allows for infinite tonal combinations suited for all styles of music. VFL internally active pickups respond to the dynamics of the player from Jazz to Heavy Metal, from finger style playing to the hardest pick styles. 18 volt powered electronics offer cleanest operation and extended battery life for trouble free operation.
